Biloela Hospital and Ace Medical Centre

Biloela
2 Hospital Rd, Biloela, QLD, 4715, AUSTRALIA
48 Grevillea St, Biloela, QLD, 4715, AUSTRALIA

About the Placement
Placement Type: Hospital & GP Clinic
Biloela is the administrative centre of the Banana Shire. It is a busy commercial and tourist hub, yet it still retains that relaxed country feeling. Located in the middle of the Sandstone Wonders, there are plenty of outdoor adventures to be had in the area.
Biloela Hospital provides an accident and emergency service as well as maternity and general inpatient services. It also offers several outreach and visiting specialist services.
It is a 24 bed hospital.
Students may also spend time at Ace Medical Centre.

Website
www.acemedicalcentre.org.au

Preceptor was friendly and included me in many hospital social situations.
Preceptors were very supportive, good role models, involved in the community, very good teachers and extremely informative.
Overall it was a very good experience. It did require me to be very proactive, but with work I was much more involved in the hospital.

About the Placement

Placement Type: Hospital

Yeppoon is a popular holiday destination which is surrounded by attractive beaches where, for most of the year, the swimming is good and the opportunities for fishing, walking along the coast, cruising around the Great Barrier Reef, exploring the rugged headlands and relaxing are inviting. The town itself is a modern service centre for the surrounding district. It has a strong reputation as a producer of tropical and exotic fruits and is home to some of the largest producing pineapple farms in the State.

Capricorn Coast Hospital and Health Service has the following services; 24 hour emergency, acute inpatient, obstetric clinics, midwifery, inpatient rehabilitation, palliative care, children’s health and women’s health. It is a 22 bed hospital.

Website

The Preceptors were the two most knowledgeable doctors I have ever met and were very willing to teach, gave me significant opportunities to see patients myself and would give constructive feedback. I would stay at the hospital for longer than requested as I enjoyed it so much.

Seeing the doctors who taught me ALS in Rocky perform a resuscitation on a critical patient was invaluable.

Emerald Hospital

Emerald
69 Hospital Rd, Emerald, QLD, 4720, AUSTRALIA

About the Placement

Placement Type: Hospital

One of the largest towns on the Central Highlands, Emerald is the regional centre and thriving hub for many government facilities including council, education, and health and industries including mining, beef cattle, cotton, cropping, sunflowers, gemstones, tourism and citrus. With so much activity going on, there is always something to see and do around the town.

Emerald Hospital has a large range of general and speciality services including, 24 hour accident & emergency, surgical (day surgery, minor and general surgery), gastroenterology, maternity, fracture/orthopaedic outpatient clinic and many more. Visiting services include a general surgeon, obstetrician/gynaecologist, ear nose and throat specialist and paediatrician.

It is a 37 bed district hospital.

Website

Great teaching provided by all the doctors at Emerald Hospital. Very welcoming and keen to involve students. Had a great time!

It was a really good educational experience. The employees of the hospital made me welcome and sacrificed their time to teach. I couldn’t rate this placement more highly.

Amazing teaching at an appropriate level with clinicians that were incredibly generous with their time.

Emerald Medical Group

Emerald
1 Pilot Farm Rd, Emerald, QLD, 4720, AUSTRALIA

About the Placement

Placement Type: GP Clinic

One of the largest towns on the Central Highlands, Emerald is the regional centre and thriving hub for many government facilities including council, education, and health and industries including mining, beef cattle, cotton, cropping, sunflowers, gemstones, tourism and citrus. With so much activity going on, there is always something to see and do around the town.

The Emerald Medical Group is a primary healthcare practice and (GP SuperClinic) dedicated to meeting the healthcare needs of the Central Highlands communities by providing high quality patient-centred medical care that is accessible and affordable. They offer a range of diagnostic, health and medical services provided by General Practitioners, Nurses, Allied Health Professionals and Visiting Specialists. Pathology, Pharmacy and Diagnostic Ultrasound services are co-located on site.

Students will have the opportunity to attend teaching sessions at Emerald Hospital.

Website

“Push you so that you learn, very good experience.

Fantastic supervisors, great GP clinics. Really enjoyed my time. Great exposure to skin presentations. Asked me lots of questions.

Practice doctors were welcoming and present. Facility had excellent services for GP Practice.”

About the Placement

**Placement Type: Hospital**

Conveniently situated in the centre of the Southern Great Barrier Reef, Gladstone, has it all, with surf beaches, tropical islands, coral cays and rivers teeming with fish. A strong retail and service sector within the modern urbanised city, together with tourism and primary production (particularly beef cattle and timber) provide abundant choice for workers and opportunities for business people.

Gladstone Hospital offers the following services; 24hour emergency, general medicine and surgery, basic orthopaedic, O&G, palliative care and paediatrics just to name a few. The hospital also offers an extensive range of specialty services.

It is a 79 bed hospital.

**Website**

---

Great access to a whole hospital shared between only 2 students.
Very enthusiastic teaching by doctors. Very supportive allied health staff.

Gladstone hospital staff was very welcoming and willing to teach me. I was given a rich opportunity to practise my clinical skills with their guidance when needed.

Mount Morgan Multi-Purpose Health Service

About the Placement
Placement Type: GP Clinic and Hospital

Mount Morgan is one of a handful of genuinely fascinating mining towns. It is a true gem. A remarkably well preserved historic town full of remarkable timber buildings. There is something wonderfully quirky and original about the town. Getting the best of both worlds, Mount Morgan residents (mostly retirees from Rockhampton who enjoy a country town lifestyle) enjoy the comforts of a small semi-rural area; with Rockhampton city just thirty minutes drive and Yeppoon’s beaches an hour drive away. The area offers shopping opportunities, sporting and recreational facilities, hotels, cafes and much more.

Mount Morgan Medical is committed to providing the best available medical treatment, offering services including check-ups, skin checks and removals, minor surgical procedures, women’s health, chronic disease management and more.

Mount Morgan Multipurpose Health Service provides an emergency department, inpatient and outpatient care, aged care and acute inpatient services.

It is a 10 bed multi-purpose health service.

Moura Dawson Medical Practice & Moura Community Hospital

Moura
1 Minogue St, Moura, QLD, 4718, AUSTRALIA
14 Nott St, Moura, QLD, 4718, AUSTRALIA

About the Placement
Placement Type: GP Clinic and Hospital

Moura is a central point for the people who serve its local industries - the farmers, growers, miners and their families that help to make Queensland great. Lying in the heart of the Dawson Valley, on the banks of the Dawson River, its parklands and public facilities, festivals and events, river fishing and water sports attract thousands of visitors each year.

Moura Dawson Medical Practice strives to provide comprehensive medical care to individuals and families, keeping up-to-date with medical innovations and delivering efficient personal service. Services provided at the Practice include women’s health, preventative medicine, skin cancer checks, chronic disease management, pregnancy care and mine medicals.

Moura Community Hospital is a hybrid between an outpatient centre and a traditional rural hospital. It offers 24 hour accident and emergency, general medical and surgical services, paediatric and palliative care.

It is a 4 bed community hospital.

It was a great experience and the teaching sessions with my preceptor were really useful.

The preceptor is a great teacher. He’s dedicated and highly experienced in working in rural locations. The staff are very welcoming and happy to involve students.

Staff were very friendly & very knowledgeable.

Theodore Multi-Purpose Health Service

Theodore
87 The Blvd, Theodore, QLD, 4719, AUSTRALIA
27 Ninth Ave, Theodore, QLD, 4719, AUSTRALIA

About the Placement
Placement Type: GP Clinic and Hospital

Theodore is like no other town in Australia. Although it lies on the eastern side of the Great Dividing Range it is almost tropical with its extensive stands of palm trees in the main street. Theodore supports a diverse rural sector with its main industries being cattle, cotton, grain and timber. At the southern end of Queensland’s coal-rich Bowen Basin, the town’s economy is closely linked to coal mining.

Servicing the townships of Theodore, Cracow and surrounding areas, Theodore Medical provides a comprehensive rural general practice including surgery, anaesthetics and antenatal care. Also available on site is a wide range of diagnostic services including x-ray, ultrasound, hearing, heart and breathing tests. Other services include acupuncture, back manipulation and non-PBS dispensary, along with a dedicated Health Improvement team who manage our chronic disease patients and indigenous health care.

Theodore Multipurpose Health Service provides an emergency department, inpatient and outpatient care, paediatric, imminent birthing, palliative and respite care. It is a 14 bed multi-purpose health service.

Outstanding accommodation, preceptor, medical centre & hospital. Super busy and unreal learning environment.

The Preceptor was fantastic as a role model and teacher. Very keen to teach and get students involved.

Return to pg 1
Woorabinda Multi-Purpose Health Service

Woorabinda
1 Munns Dr, Woorabinda, QLD, 4713, AUSTRALIA

About the Placement
Placement Type: GP Clinic and Hospital

Woorabinda is an Aboriginal community in central Queensland. The two main groups of people in Woorabinda are the Gangulu Nation and the Wadja Nation, both of whom have Native Title claims to the land. Woorabinda has a pastoral company, a hospital, a stadium, a sports complex, a swimming pool, a retail store, primary school and high school, cafe, post office and butcher shop.

The Mimosa Medical Clinic works in conjunction with the Woorabinda Multipurpose Health Service to provide exceptional care to the whole community. The clinic is staffed by two doctors and a practice nurse. The clinic works hard at building and maintaining relationships with our patients and fellow service providers based on mutual trust and respect. The clinic has a strong emphasis on ‘Closing the Gap’. The Mimosa Medical clinic is a busy practice in a vibrant, ever-changing community.

Woorabinda Multi-Purpose Health Service provides the following services: accident and emergency, residential aged care, acute inpatient, community health services and respite care. Visiting specialist services and clinics include women’s health, ear nose and throat, ophthalmology, paediatric and cardiology.

It is a 7 bed multi-purpose health facility.

“Really welcoming staff, encouraged to do procedures.
Overall very good.
Preceptors were fantastic.
Very friendly - excellent teaching. Had a great time.”

About the Placement
Placement Type: GP Clinic and Hospital

Positioned to support Central Queensland’s prominent sheep and cattle industries, Blackall has a strong community focus and offers a quiet and relaxed outback lifestyle ideal for those who want to experience a close-knit community. Nestled on the banks of the mighty Barcoo, Blackall’s friendly locals always give visitors a warm welcome.

Black Stump Medical Centre has a long history of providing primary health care services to Blackall and its surrounding communities. Services offered include health assessments, management and care plans, family planning and women’s health, skin checks, excisions and cryotherapy, minor surgery, specialist telehealth consultations, and much more.

Students may also spend some time at Blackall Hospital. It is an 18 bed hospital.

Website

Loved the experience. Would highly recommend Blackall to anyone else. I’m actually looking forward to going back!

Overall I thoroughly enjoyed my placement & found it a very worthwhile experience. The staff in Blackall & the Drs I worked with were very welcoming & encouraged me to get involved.

Small town allowed a lot of hands on experience and skills practice under guidance of my skilled preceptor.

About the Placement

Placement Type: GP Clinic

Known as ‘The Best Little Town on the Downs’, Allora is located in the Southern Downs region between Warwick and Toowoomba. It is a genuinely charming and interesting small, rural settlement with a large number of well-preserved historic buildings.

Allora Medical Practice serves the local community for all of their general practice needs. Focusing on the aging population and chronic disease management, the practice is very community-focused. With a wide catchment area, they have approximately 4000 patients on their books.

Website

"Best feature was the autonomy to see patients individually prior to GP consultation - this was a valuable experience.

I had enjoyed my time in my placement! My preceptor was very knowledgeable in rural health and considers the patients social circumstances as well during her management."

About the Placement
Placement Type: GP Clinic
Located on the Blackbutt Range, it is the eastern gate to the South Burnett. It is a quiet, prosperous town which attracts a wide variety of people including bushwalkers, campers, artists and 4WD enthusiasts. The rich soils around Blackbutt support many rural industries including pine plantations, horticultural farms, avocado and olive tree farming, flower growing and grazing.
Blackbutt Medical Centre aims to provide the highest standard of patient care whilst incorporating a holistic approach toward diagnosis and management of illness. They are committed to promoting health, wellbeing and disease prevention to all patients.

Cherbourg Health Service & Murgon Hospital

Cherbourg and Murgon
Fisher St, Cherbourg, QLD, 4605, AUSTRALIA
Coronation Dr, Murgon, QLD, 4605, AUSTRALIA

About the Placement
Placement Type: Hospital

Cherbourg is an Aboriginal community in South East Queensland, in the heart of the South Burnett region. It was established by Salvation Army member William Thompson in 1899. The town has seen much change over the years and today, it is a vibrant community with its own culture and identity. The South Burnett district has a lot to offer with amazing scenery and much to see and do. The South Burnett district is a diverse farming region including olive and grape growing, cattle grazing and various crop farming including peanuts, lucerne and cotton.

Cherbourg Health Service (Hospital) include Outpatients and Chronic Disease clinic, Accident & Emergency, Acute Care Beds, Self- Care Renal Dialysis, X-Ray, limited i-Stat bloods, Women’s and Child Health, and Community Health services. They also have visiting specialists (paediatric, palliative care, Cardiology, Obstetrics & Gynaecology, ENT clinics, and Allied Health Services).

Cherbourg Hospital is a 17 bed rural hospital, 2 bay ED, quiet room, special needs, observation ward, palliative care room, and separate children, women and men's wards.

Murgon Hospital has accident & emergency, acute care beds, a self dialysis chair, X-ray and limited i-Stat bloods. It is a 15 bed community hospital.

Accommodation

Accommodation Type
Qld Health Accommodation at Murgon Hospital or Homestay (Wondai) (dependent on availability)

Distance between Accommodation & Site

Chinchilla Medical Practice

Chinchilla
58 Middle St, Chinchilla, QLD, 4413, AUSTRALIA

About the Placement
Placement Type: GP Clinic

Chinchilla has seen significant growth in recent times thanks to the mining boom (coal and gas), which saw many infrastructure upgrades. Beyond the mining boom the town is a middle-sized service town for the surrounding agricultural district, famous for its biannual watermelon festival, which attracts over 14,000 visitors for the weekend of events every second February.

Chinchilla Medical Practice is committed to providing the highest quality services and facilities to the local community. Their services include prevention and wellness, general health, skin cancer procedures and immunisations.

Students may also spend time at Chinchilla Health Service. It is a 16 bed hospital.

Website
www.chinchillamedicalpractice.com.au

"Lots of different experiences (GP, hospital, ambulance etc) being able to interview patients on my own.

Welcoming staff, saw lots of patients by myself.

Hospital time was fantastic experience. I had a great deal of responsibility working in ED and the outpatient department. The preceptor was a great teacher."

Crows Nest Medical Centre

Crows Nest
Community Place, 2b Curnow St, Crows Nest, QLD, 4355, AUSTRALIA

About the Placement
Placement Type: GP Clinic

Perched on the crest of the Great Dividing Range, the old timber town of Crows Nest lies amongst pretty, undulating hills and is built around an attractive village green. Nearby Crows Nest National Park has breathtaking bushwalking trails through the eucalypt forest, and after the rains the Crows Nest Falls are truly spectacular.

Crows Nest Medical Centre provides quality medical care to residents of all ages, and proudly serves the communities of Crows Nest and surrounds. The dedicated and profession team assist in providing women’s, children’s, family health and chronic disease care.

Website

Having an opportunity to learn skin medicine / dermatology was great, as the practice was very dedicated to these topics.

Preceptor was an excellent teacher. Able to spend time with visiting allied health professionals and do/assist with small procedures.

About the Placement

Placement Type: Hospital

Dalby is a large and prosperous rural service centre located in an area of fertile volcanic soil. It is surrounded by fields of wheat, cotton, mung beans, sunflowers, sorghum, millet and barley. Although the area is known as Queensland’s wheat centre, it also produces stud cattle, sheep, pigs and angora goats. Dalby has pleasant picnic spots beside the river, an attractive park in the centre of town, wide country town streets and some great cafes.

Dalby Hospital offers maternity, surgical, accident and emergency, palliative care and renal dialysis services. Clinics available include, fracture, paediatric, surgical outpatients, medical imaging and more.

It is a 43 bed hospital.

Website

Preceptors were excellent - felt really welcome and part of the team. I had heaps of opportunities to ask questions and be involved in management.

Fantastic placement. Recommended Dalby as it has a maternity ward. Great teaching from clinicians. Thanks for a great placement.

Great experience, particularly in ED. Good range of doctors teaching me.

Goondiwindi Hospital & Medical Centre

Goondiwindi
4 Bowen St, Goondiwindi, QLD, 4390, AUSTRALIA
49 Bowen St, Goondiwindi, QLD, 4390, AUSTRALIA

About the Placement
Placement Type: GP Clinic and Hospital

Goondiwindi is an attractive Darling Downs town which has become important because of its unique position at the junction of the Cunningham, Newell, Bruxner, Barwon and Leichhardt Highways on the border between New South Wales and Queensland. Primary production and agribusiness are a vital part of the local economy. It is a vibrant, contemporary town with a terrific range of shopping experiences and many chic cafes to indulge in.

Goondiwindi Medical Centre has a strong focus on continuity of care, with patients remaining under a single doctor whenever possible. They offer a wide range of services including skin cancer checks and removal, women’s and children’s health, chronic disease management and more.

Services offered at Goondiwindi Hospital include general medicine and surgery, obstetrics, emergency, paediatrics and palliative care. Visiting specialists include a general surgeon, physician, obstetrician, gynaecologist and ENT telehealth.

It is a 33 bed hospital.

Accommodation

Accommodation Type

Kilcoy Medical Centre

Kilcoy
34 William St, Kilcoy, QLD, 4515, AUSTRALIA

About the Placement
Placement Type: GP Clinic

Kilcoy is an idyllic country town located along the D'Aguilar Highway, surrounded by a scenic landscape, of rolling hills and rugged mountain ranges with views over the northern reaches of Lake Somerset. Only an hour from Brisbane, Kilcoy's country charm, with enchanting shops, landscaped parks and friendly residents is the place to visit to escape the hustle and bustle of city life.

The Kilcoy Medical Centre has a focus on the broad scope of rural health care, including pediatrics, women's health checks, advanced skin surgery, aged care including nursing home rounds and performs x-rays and diagnostic ultrasonography.

The practice has a long standing commitment to vertically integrated teaching of junior doctors and rural registrars, as well as medical students.

Kingaroy Hospital

Kingaroy
166 Youngman St, Kingaroy, QLD, 4610, AUSTRALIA

About the Placement
Placement Type: Hospital

Kingaroy has always been a rich agricultural area and is probably best known as Australia’s peanut and navy bean capital. But since the early 1990s it has also become home to a vigorous wine industry which is already the largest in the State in terms of production. Kingaroy’s population is expected to double over the coming decades as a steadily growing population take advantage of the area’s great rural lifestyle, with its proximity to Brisbane, Toowoomba and the Sunshine Coast, and rapidly expanding opportunities.

Services at Kingaroy Hospital include accident and emergency, general wards, surgical and maternity. Visiting specialist services include obstetrician and gynaecologist (fortnightly), cardiology, surgical clinics and mental health.

It is a 49 bed hospital.

Website

Great opportunities at the hospital. Lots of different types of opportunities in ED, Surgery, Ward & Obstetrics.

Really good hospital got a lot of practical experience.

Was provided an excellent and extremely well-organised clinical experience. This placement was challenging in that I was given a level of independence that had not been offered at my previous placements. However, at all times I felt supported by my preceptors.

Miles Health Service & Medical Centre

Miles
79 Marian St, Miles, QLD, 4415, AUSTRALIA
5-11 Colamba St, Miles, QLD, 4415, AUSTRALIA

About the Placement
Placement Type: GP Clinic and Hospital

Miles is one of those towns which, for most of its life, was a sleepy service centre surrounded by the rich soils of the Darling Downs. Recently it has become central to the development of coal seam gas in the Surat Basin and, as such, it has boomed. Miles is the centre of a native wildflower region extending north to the Great Divide. The beautiful Balonne River highlights the beauty of Miles, particularly in September when the wildflowers bloom in abundance.

Miles Medical Centre is a primary care general practice providing a range of medical and nursing care to the community of Miles and the Western Downs. Their doctors provide 24-hour emergency care to Miles Health Service. They support the ongoing education of their staff. Their services include primary care, women’s health, basic surgical, chronic disease management, and antenatal and obstetrics.

Miles Health Service offers minor day surgeries, palliative and aged care, emergency and outpatient. Clinics available include women’s health and visiting breast screen. Visiting services include women’s health and general surgeon. It is a 13 bed community hospital.

All the staff at Miles Medical Centre/Miles Hospital were very welcoming, willing to answer questions and included me in clinical activities. There were plenty of learning opportunities & teaching sessions where I learned a lot.

Miles hospital made me feel very welcome - well looked after. The Preceptor was an excellent teacher & role model. It was very rewarding to gain insight to medicine through him.

Murgon Family Medical Practice

Murgon
43A Stephens St West, Murgon, QLD, 4605, AUSTRALIA

About the Placement
Placement Type: GP Clinic

Murgon is a vibrant country town with a very active and friendly community located in the beautiful rural South Burnett region, in South-East Queensland. The Murgon district has a lot to offer with amazing scenery and so much to see and do. The South Burnett enjoys a warm dry climate where clear starry nights give way to perfect sunny country days. The Murgon district is a diverse farming region including olive and grape growing, cattle grazing, pig production and various crop farming including peanuts, lucerne, cotton and duboisia plantations.

Murgon Family Medical Practice operates surgeries in Murgon, Wondai and Goomeri. They are proud to provide communities with a comprehensive range of services, including skin cancer checks and removal, general health and a range of allied health offerings in practice.

Ochre Medical Centre
Oakey

5 Cherry St, Oakey, QLD, 4401, AUSTRALIA

About the Placement
Placement Type: GP Clinic (3 clinics)

The Oakey area offers a real country experience - genuine country hospitality and the chance to make a deep connection with the town's rich pioneering, defence and horse racing history. Local rural industries are predominantly cropping, beef grazing and feedlotting. The Oakey Army Aviation Centre provides a training facility and hosts a Singapore Armed Forces Helicopter Squadron.

Ochre Medical Centre is a country style general practice that prides itself on great customer service and whole-of-life, patient-centred care to the rural and regional communities of Oakey, Kingsthorpe, Toowoomba and surrounds. Some of the extensive services offered include health checks, chronic disease management, vasectomy (no scalpel no needle technique), women’s, men’s and children’s health, minor procedures and much more.

Students with a vehicle may travel between the clinics in Oakey, Kingsthorpe & Toowoomba.

Southern Downs Medical

Stanthorpe
11 Denham St, Stanthorpe, QLD, 4380, AUSTRALIA

About the Placement
Placement Type: GP Clinic

Thanks to its unique microclimate and granitic soil, Stanthorpe is nationally recognised for its winemaking and diversity of produce. Look out for apples, pears, berries, stone fruit, persimmons, figs, olives and a huge range of vegetables in season. Wander through Stanthorpe and surrounding villages and you’ll also discover award-winning artisan bread and meat pies, gourmet outlets, locally cured meats, hand-made jams and preserves, farmhouse cheeses, vinegar, chocolates and olive oil!

Southern Downs Medical helps students to develop skills in relating to patients, exceptional history taking, and formulating a logical approach to diagnosis. Students are able to see patients independently in a dedicated room, before being reviewed by the GP. They have a dedicated patient base that are familiar with students in the practice, and supportive of their education. Students will have exposure to minor procedures such as cryotherapy, punch biopsies, injections etc in a supervised capacity.

Tara Health Service & Medical Centre

Tara
33 Day St, Tara, QLD, 4421, AUSTRALIA
15 Belton St, Tara, QLD, 4421, AUSTRALIA

About the Placement
Placement Type: GP Clinic and Hospital
This is wheat country true and proper, deep in rural Queensland. The predominantly flat landscape is dotted with silos that feed the hungry grain trains on a railway spur line that runs through the town. It evokes a rural lifestyle with wheat, beef and wool farms surrounding the shire. This quaint town has a warm, friendly atmosphere and the locals are always willing to stop and have a chat.

Some of the services offered to Tara Medical Centre patients include: general medicine, home visits, family planning, ante-natal care, minor surgery, removal of skin cancers, moles and lesions, liquid nitrogen - freezing therapy and chronic disease management.

Tara Hospital services include medical, ante and post natal midwifery, respite, emergency, long stay and palliative care. Clinics available are outpatient, immunisation, alcohol and drug, community health, child health and women’s health.

It is a 15 bed community hospital.

Great opportunity to practice clinical skills.

The Preceptor is fantastic. Can’t speak highly enough of him as a teacher. He was so calm and reassuring and willing to spend the time making sure I was learning. My best rotation by far.

Texas Family Medical Centre

Texas
31 St John St, Texas, QLD, 4385, AUSTRALIA

About the Placement
Placement Type: GP Clinic

Texas is located on the banks above Dumaresq River. It is a very small community serving the surrounding grazing area. Like so many of Queensland’s rural settlements it spreads and has lots of vacant land within the boundaries of the town. Farming of sheep and cattle is the dominant industry today, with fodder, cotton and horticultural crops adding to the mix. Texas is also home to the largest cattle feedlot in Australia and a silver mine situated in the historic Silver Spur mining area.

Texas Family Medical Centre is committed to promoting health and well-being in all patients, in a caring and friendly environment. Services offered include skin cancer checks, men and women’s health, vaccinations, chronic disease management, aged care and palliative care.

Warwick Hospital

Warwick
56 Locke St, Warwick, QLD, 4370, AUSTRALIA

About the Placement

Placement Type: Hospital

Sitting gracefully on the banks of the Condamine River, Warwick is an important, thriving and attractive rural city which is known for its large number of elegant buildings - handsome churches and impressive private schools. It is the administrative centre of the Southern Downs Regional Council. The surrounding Darling Downs have fostered a strong agricultural industry for which Warwick serves as convenient service centre.

Warwick Hospital offers a range of services to the local and surrounding community including maternity, medical, surgery, accident and emergency, high dependency care, paediatrics and palliative care. Visiting services include gynaecology, cardiology, orthopaedics and urology.

It is a 69 bed hospital.

Website

Working in Warwick Hospital has been a fantastic experience. I have been rotated around the Hospital in different departments so I have been exposed to many different areas of medicine.

Many opportunities to practice skills (history taking, exam and procedures). Opportunity for involvement in social events e.g. BBQs, Warwick Show.

The staff at Warwick also make you feel like you’re a part of the team.

Fassifern Doctors

Boonah
4 Walter St, Boonah, QLD, 4310, AUSTRALIA

About the Placement
Placement Type: GP Clinic

Boonah is primarily a rural service centre for the surrounding farms which concentrate on producing vegetables for the Brisbane markets, as well as cereal crops, beef, pork and timber. Located south west of Brisbane, Boonah offers excellent cafes, bushwalking trails, wineries and national parks, it is little wonder it is known as the Heart of the Scenic Rim.

Fassifern Doctors is a long established practice, having opened in 2005. They have a key focus on women’s and children’s Health and skin cancer management. The practice is supported by a nurse, physiotherapist and podiatrist.

The practice is closely affiliated with the local hospital where students spend the majority of their time gaining rural emergency experiences.

Website

Dr and staff were very welcoming. Felt part of the team which encouraged my involvement.

All of the doctors were incredibly friendly and happy to teach me. I liked that I was able to do whatever I felt comfortable with and was encouraged to try most clinical skills and talk through management plans.

Charleville Hospital & Health Clinic

Charleville
72 King St, Charleville, QLD, 4470, AUSTRALIA
67 Edward St, Charleville, QLD, 4470, AUSTRALIA

About the Placement
Placement Type: GP Clinic and Hospital

Immortalised in Slim Dusty's song by the same name, Charleville is the largest town in Queensland's south west and is a hub for visitors and pastoralists alike. In the heart of ‘mulga country’, Charleville and surrounding pastoral properties are rich in history, flora and fauna. Today it is an important centre for the School of Distance Education and the Royal Flying Doctors Service.

Charleville Health Clinic is a stand-alone General Practice Service Facility that offers a range of in-house services including Chronic Disease Management, immunisations and minor procedures.

Charleville Hospital services include - Accident & Emergency, X-ray, palliative care, surgery and outpatients. Visiting Services - flying Gynaecologist/Obstetrician, Paediatrician and flying Surgeon.

It is a 21 bed district hospital.

Website

Loved Charleville.
I felt very welcomed at my placement, people were happy to chat and take the time to teach me skills and procedures. All staff were great at education and I never felt like a burden on their time.

Excellent permanent doctors at Charleville Hospital - very enthusiastic about teaching. Great opportunities for hands on experience. Very welcoming community - made me feel at home.

About the Placement
Placement Type: GP Clinic and Hospital

Cunnamulla offers the opportunity to immerse yourself in a true outback experience. Locals reckon that in their town, the handshake’s stronger and the smile lasts longer. Perhaps that’s why Slim Dusty’s ‘Cunnamulla fella’ has become the epitome of bush folk and the bronze statue of him in the main street immortalises the larrikin in all Australians as he sits on his swag enjoying the moment. While wool growing and beef production are still the main industries, the new kids on the block are irrigated table grape farming, organic wheat and organic lamb production.

The Cunnamulla Primary Health Care Centre is a partnership between the Cunnamulla Aboriginal Corporation for Health and Queensland Health. The centre promotes, maintains and improves the health and well-being of all people in South Western Queensland.

Cunnamulla Hospital provides inpatient, outpatient, accident and emergency, haemodialysis, palliative care, along with visiting specialists including, flying surgeons and obstetric/gynaecology and ophthalmology.

It is a 13 bed hospital.

"One of the best placements I’ve ever been on. The rural community was very hospitable and kind, and the preceptors were fantastic educators with many years of experience and stories.

Had a great time. Was a bit of a struggle for assessment with locum doctors every few weeks but I felt well supported."
About the Placement
Placement Type: GP Clinic

Roma is the largest town in the Maranoa Region, at the heart of a rich sheep and cattle grazing area, and offers an array of city-like conveniences with friendly country hospitality. There is an abundance of cafes ideally located throughout town and dining options include fine dining restaurants, niche cafes, contemporary pubs with and alfresco dining, plus all your traditional take-away options. As you are in the heart of beef country be sure to try a mouth-watering grass-fed steak while you are in town.

Maranoa Medical Centre pride themselves on their high level of professional care and patient care. Services offered include cryotherapy, skin cancer checks, minor surgeries, child health services and mental health services.

This placement is not available for preferencing - it is the GP placement for students doing EPP in Roma.

Website
Mitchell Multi-Purpose Health Service

Mitchell
95 Ann St, Mitchell, QLD, 4465, AUSTRALIA

About the Placement
Placement Type: GP Clinic and Hospital

Mitchell sits peacefully on the banks of the Maranoa River. It lies in the westerly-most reaches of Southern Queensland Country and services the adjoining communities of Amby, Muckadilla and Mungallala. Soaking in the soothing mineral springs at Mitchell is just one of the surprises that awaits you in this quaint town on the edge of the outback. The economy relies heavily on agriculture, tourism, primary production such as cattle, sheep, cypress pine milling and a quarry with crops grown in the eastern part of the area.

Mitchell Medical Practice is a part of the Mitchell Multi-Purpose Health Service and provides the community with private medicals, skin clinics and has a visiting women’s health doctor.

Mitchell Multi-Purpose Health Service offers the following services - accident and emergency, general ward, wound management, outpatients, palliative care and aged care.

It is a 12 bed community multi-purpose health facility.

Preceptor and 4 practice nurses were lovely, very welcoming, allowed me to get very involved.

Great opportunities to learn.

The staff were easily the best part of this placement, making it a very fun and welcoming atmosphere.

The high patient to Dr ratio made practicing techniques easy and common.
Roma Hospital

Roma
197-243 McDowall St, Roma, QLD, 4455, AUSTRALIA

About the Placement

Placement Type: Hospital

Roma is the largest town in the Maranoa Region, at the heart of a rich sheep and cattle grazing area, and offers an array of city-like conveniences with friendly country hospitality. There is an abundance of cafes ideally located throughout town and dining options include fine dining restaurants, niche cafes, contemporary pubs with and alfresco dining, plus all your traditional take-away options. As you are in the heart of beef country be sure to try a mouth-watering grass-fed steak while you are in town.

Roma Hospital offers accident and emergency, general ward, outpatient, surgical and birthing services to the community, among a number of others, with the assistance of visiting specialists and the Flying Specialist Service. Medical students attached to Roma Hospital have the opportunity to spend a day with the Flying Specialist Service discovering how specialist services are delivered to outlying communities.

It is a 27 bed hospital.

Website

Very hands-on. Given a lot of responsibility e.g. triaging patients. Wide variety - ED, OT, antenatal, RFDS.

Excellent hospital with niche range of specialist clinics available and various other health services. Consultants were non judgemental and ready/willing to teach.

St George Hospital

St George
Victoria St, St George, QLD, 4487, AUSTRALIA

About the Placement
Placement Type: Hospital

St George is a pleasant rural service centre which is located on the Balonne River with the vast flatlands of the Darling Downs stretching beyond the Great Dividing Range. The town provides services to the surrounding wheat, sheep and cotton farmers, and, in recent times, fruits, grapes, vegetables and beef have enriched the local economy. St George has tree lined streets where you’ll find great coffee, gourmet deli and quality pub food.

St George Hospital has accident and emergency, general ward, outpatient, surgical, birthing and wound management services. They are also supported by the flying surgeon and the flying obstetrician/gynaecologist, along with other vital visiting services.

Students at St George Hospital will likely have the opportunity to spend some time at St George Medical Centre.

It is a 31 bed hospital.

Website

“ All the doctors in St George were fantastic. Very willing to teach. Very happy to involve you.

The Preceptors were very engaging in student learning.

Loved it! Mix of GP & hospital was great.

Really enjoyable. Very hands on, strong independent learning with support. Good teachers.

Montville and Maleny
6&7/168-170 Main St, Montville, QLD, 4560, AUSTRALIA
1-3/39 Coral St, Maleny, QLD, 4552, AUSTRALIA

About the Placement
Placement Type: GP Clinic (2 clinics)

It would be hard to find a town on the Sunshine Coast that is more charming than Montville. Perched on the Blackall Range, this quaint village is home to art galleries, cosy coffee shops and boutique stores. It is located close to the Kondalilla National Park - a great place to go bushwalking, have a picnic or cool down in a waterfall.

Ochre Health Medical Centres are committed to improving healthcare to rural communities across Australia and providing friendly, caring services for the whole family. The practice at Montville has 3 consulting rooms and a minor operations room. The Maleny practice has 7 consulting rooms, emergency treatment area and minor operations room.

Students will split their time between the Montville and Maleny practices, as well as having the opportunities to go to Maleny Hospital and X-Ray & Imaging Maleny.

Website

“Excellent doctors and opportunity to practice GP procedures.

All the doctors at the practices are excellent with a variety of different skills and teaching points.

Great diversity of doctors and medical centres.

All of the staff were great and my homestay was incredible.

Gatton Hospital

97-103 William St, Gatton, QLD, 4343, AUSTRALIA

**About the Placement**

**Placement Type: Hospital**

Located in the agriculturally rich Lockyer Valley (often referred to 'Australia's salad bowl'), Gatton is an important service centre for the vegetables grown in the area to be sent to the Brisbane markets. Known for its spectacular scenic backdrop of steep hills and the mountains of The Great Dividing Range, Gatton is a fast growing region that has maintained its natural beauty and charm.

Gatton Hospital has a 24-hour emergency department, palliative care, post-surgical services, respite and a cardiac rehabilitation program.

It is a 22 bed rural hospital.

Laidley Hospital and Country Doctors Practice

Laidley
75 William Street, Laidley, QLD 4341, AUSTRALIA
88 Patrick Street, Laidley, QLD 4341, AUSTRALIA

About the Placement
Placement Type: GP, Skin Cancer Clinic and Hospital

Just 60 minutes from downtown Brisbane, Laidley greets visitors with good old-fashioned hospitality amidst a backdrop of rich farmlands and magnificent scenery. There are so many attractions for visitors to enjoy, from the preserved heritage of the pioneer village, to the local arts and crafts plus the region’s oldest home, Das Neumann Haus.

Country Doctors Practice was established in March, 2018 to provide the Lockyer Valley community with holistic care in a purpose built modern facility. They provide general practice services and advanced skin cancer care. They pride themselves in the provision of a wide range of services; medical and allied health under the same roof.

Laidley Hospital is a 15-bed acute care facility providing 24-hour emergency treatment, inpatient management for all ages, including palliative care, interim care, transitional care and slow stream rehabilitation. Specialist services include visiting rehabilitation services, paediatrician, heart failure nurse practitioner. Outpatient clinics, allied health and community health services are also available.

Website

This is a new placement in 2021 and is highly recommended by Dr John Ridler, the RRM Academic Course Coordinator, who is also one of the preceptors at the site.

This opportunity has been cultivated to give a combination of GP and Hospital experience.

Ashfield Country Practice

Windermere
279 Ashfield Rd, Windermere, QLD, 4670, AUSTRALIA

About the Placement
Placement Type: GP Clinic

Windermere is a rural locality of the Bundaberg region. Located on the sub-tropical central coast of Queensland, Bundaberg’s position provides an enviable climate, one of the most equitable in Australia. As the gateway to the Southern Great Barrier Reef, it is the commercial and service centre for the region. Also well known as the home to Bundaberg Rum and the Mon Repos Turtle Rookery.

Ashfield Country Practice provides a full range of primary health care. The practice has a special interest in indigenous health and veterans health - it is an active participant in the Coordinated Veterans’ Care Program. Services offered include women’s health, skin care management, mental health and antenatal care.

Childers Multi-Purpose Health Service & Doctors Surgery

Childers
3 Ashby Ln, Childers, QLD, 4660, AUSTRALIA
44 Broadhurst St, Childers, QLD, 4660, AUSTRALIA

About the Placement
Placement Type: GP Clinic and Hospital

Childers successfully combines tourism - the town has a wealth of historic buildings - with a surrounding agriculture of sugar cane, avocados and macadamia nuts, making it a key stop on the Pacific Highway east coast drive.

Childers Doctors Surgery is a quality healthcare facility with a caring atmosphere. Services offered include skin checks, minor surgery, women's health, antenatal care and cancer screening.

Childers Multi-Purpose Health Service offers emergency services, paediatrics, general medicine & outpatients and various clinics and allied health services.

It is a 16 bed community multi-purpose health facility.

Website

My Preceptor was a great teacher, very welcoming and got me involved in many difficult clinical situations.

I had a really good time on my placement and learned a lot. I was also able to gain some procedural skills.

Welcoming staff, saw lots of patients by myself. Wide range of experiences eg medicine, nursing, ambulance, ultrasonography & few procedures.

Eidsvold Multi-Purpose Health Service & Family Practice

Eidsvold
19 Moreton St, Eidsvold, QLD, 4627, AUSTRALIA
Eidsvold Theodore Rd, Eidsvold, QLD, 4627, AUSTRALIA

About the Placement
Placement Type: GP Clinic and Hospital

Eidsvold calls itself the ‘Beef Capital of the Burnett’. This small, quiet town is nestled in a valley of gently undulating grazing country and is a service centre for the surrounding pastoralists. Today the area is sustained by cattle, timber, citrus and vegetable crops, and surrounded by parklands, walkways, cycling trails, golf and tennis.

Eidsvold Family Practice aims to provide the highest standard of patient care whilst incorporating a holistic approach towards diagnosis and management of illness. Their services include women’s health, chronic disease management, skin checks and removal and sports medicine.

Eidsvold MPHS is a small rural health service with both multipurpose and acute care beds catering to the needs of its community. It provides a range of services including accident and emergency, accommodation for long stay patients, community liaison and education.

It is a 4 bed community multi-purpose health facility.

All the Eidsvold staff were extremely warm and welcoming and made me feel like part of the team.

Loved every day on placement. My preceptor, as well as the other practice staff, involved me and allowed me to have some independence. Had a great time in Eidsvold.

Gayndah Hospital & Health Service

Gayndah
69 Warton St, Gayndah, QLD, 4625, AUSTRALIA

About the Placement
Placement Type: GP Clinic and Hospital

Gayndah is quiet and unrushed, but there is a lot more to this old town than meets the eye. As the oldest town in Queensland, it also claims a murder mystery, elusive bear sightings, unusual street signs, and a whole lot of oranges (as the ‘Orange Capital of Queensland’).

Gayndah Medical Practice is a small family practice, that provides quality medical services to all members of the Gayndah Community. Their friendly practitioners and staff work together in our well appointed surgery to provide a wide range of health services including: general health assistance, skin checks, women’s & children’s health and chronic disease management. It is located within the hospital building.

Gayndah Hospital provides a range of health services, including outpatients, accident and emergency, chronic inpatient, aged care, respite care, palliative care, intense slow stream rehabilitation unit, radiology (limited) and pathology. There is a helipad onsite and a designated palliative care unit, with telechemotherapy service.

It is a 10 bed community hospital.

The opportunities to perform practical procedures at the GP clinic were excellent (venepuncture, excision & suturing).

It was a good real experience of what rural medicine is like both good and bad. Very experience doctors who made the experience worthwhile.

About the Placement

Hervey Bay is a pretty, coastal city, with a pleasant subtropical climate. Each year between July and November whales migrate here to use the safe waters as a calf nursery, and is therefore often referred to as the Whale Watching Capital of the World. To appreciate Hervey Bay at its best, take a walk along the historic Urangan Pier or stroll the flat pathways of the beachfront esplanade, dotted with seaside cafes and picnic spots, while enjoying stunning views.

Hervey Bay Hospital offers an extensive range of services including (but not limited to), 24 hour emergency department, level 4 ICU, internal medicine, general surgery, paediatrics, maternity and orthopaedic surgery.

RRM students will split their time between the emergency departments at Hervey Bay & Maryborough Hospitals. It is a 180 bed hospital.

Monto Health Service & Family Practice

Monto
35 Flinders St, Monto, QLD, 4630, AUSTRALIA

About the Placement
Placement Type: GP Clinic and Hospital

Monto, one of the most recent towns in the Capricorn region, was settled in 1924. It is the centre of a rich dairy and beef cattle district and is set picturesquely on a plateau surrounded by rolling hills. It is a town dependent on the surrounding agriculture - predominantly mixed farming and timber.

Monto Family Practice, located on the grounds of Monto Health Service, aims to provide the highest standard of patient care, whilst incorporating a holistic approach towards diagnosis and management of illness.

Monto Hospital service offerings include emergency services, acute and aged care, general medicine, outpatients and palliative care.

It is a 14 bed community hospital.

Website

The Preceptors were very experienced and proved to be excellent teachers and friends. The GP clinic was well run, as was the hospital and nursing home.

Had an amazing time - thank you!

Preceptors and all other staff were very friendly and welcoming. They encouraged me to actively participate in minor procedural skills & the facilities were very good.

Mundubbera Multipurpose Health Service & Medical Centre

Mundubbera
96 Leichhardt Street, Mundubbera, QLD, 4626, AUSTRALIA

About the Placement

Placement Type: GP and Hospital

Nestled on the banks of the Burnett River, Mundubbera is about four hours drive north-west of Brisbane and just over two hours drive west of Maryborough. The town has a population of about 2500 who enjoy a sub-tropical climate and an economy centred on agriculture.

The area is one of the leading citrus regions in Australia and also successfully grows asparagus, table grapes, mangoes and watermelons. Beef, dairy and pork production also play a vital role in the local economy.

Mundubbera Multipurpose Health Service provides 24 hour emergency, acute inpatient, outpatient, medical imaging, general medical and aged care services, along with visiting specialist services. The Mundubbera Medical Centre is co-located on the grounds of Mundubbera MPHS.

This is an 18 bed facility, with 4 acute and 14 aged care beds.

Website

You can download the Rural-Facilities_Brochure_Mundubbera.pdf available on the website:

This is a new placement in 2021 with a highly experienced GP who has over 40 years experience in rural general practice and emergency medicine, along with an enthusiastic GP registrar with advanced skill in mental health. The team also includes a practice nurse and midwife.

This opportunity will give a combination of GP and Hospital experience.
