

MEDI7151 Year 1 Observership

HERVEY BAY

The Hervey Bay UQ Rural Clinical School is supported by a team of enthusiastic and dedicated clinicians from the Hervey Bay Hospital. The hospital has 120 overnight beds.

Hervey Bay has a population of just over 50 000 and is a three and a half hour drive north of Brisbane.

As Hervey Bay Hospital is a small regional hospital with limited resources, placements cannot be guaranteed in advance. All placements will need to be discussed with the Preceptors/Directors nearer the time.

Currently placements are only available in Orthopaedics, Surgery and Medicine. Opportunities may be available in other disciplines, but is dependent upon availability during the Elective periods requested.

All requests will be considered and discussed with the department heads.
